The school

A modern school steeped in rich history

Español é is located in the Gothic “Palacio de los Fernández de Córdova,” in the heart of Valencia’s old town. We have carefully renovated this historic building to create a 21st-century language school that combines history with modern comfort. The building stands where the 11th-century Arab walls used to be, and parts of these walls still run through the school and classrooms, creating a unique atmosphere filled with history and mystery.

The school has 28 classrooms with interactive whiteboards, a student lounge with a reading area, a patio with fruit trees, and a rooftop garden to enjoy the beautiful Valencian weather. It is situated on one of the main streets of El Carmen, Valencia’s most famous and fascinating neighbourhood, known for its narrow streets, alleys, and lively plazas.

The Spanish course

- Lessons are fun and interactive with a high level of student involvement
- Practical language learning
- A well-structured language programme
- Workshops and company visits can be included in the programme

Students usually take 20 lessons per week although we can arrange more or fewer lessons depending on the group's needs and the time available.

Classes are normally organised in single-nationality groups, and the content can be adapted to meet the students' needs or for exam preparation. Group sizes typically range between 10 and 15 students, ensuring personalised attention and an effective learning environment.

Before arriving, teachers or group organisers can inform us of the specific areas where students need improvement or which language skills are most important for them, so we can tailor the class programme accordingly. We also offer level testing to determine the best academic programme for each student based on their knowledge and interests.

Students typically take 20 lessons per week, with a schedule of 4 or 5 days and 4 to 5 lessons per day, which can be arranged in either the morning or afternoon, depending on Español's availability. The minimum requirement is 9 lessons per programme, with at least 3 lessons per day. While lessons are normally held from Monday to Friday, Saturday classes can be arranged on request if necessary.

Group leaders

We know that group leaders do a great job and have a big responsibility when arranging a group programme. We want them to feel good and we are always available to help them.

We will provide free accommodation for group leaders in the same modality as their students. Should they prefer a different setup, we can also arrange a private apartment or hotel (number of free group leaders depending on the number of students).

Group leaders can also attend free group lessons at the same time that their students are in class.

Accommo-dation

Host family

Stay with carefully selected Spanish host families and enjoy a welcoming environment where students can experience everyday life in Valencia.

Students usually share double rooms with shared bathrooms. Single rooms can be arranged on request. Half-board includes breakfast and dinner, while full-board also includes lunch. Specific dietary requirements, such as vegetarian, vegan or gluten-free meals, can be accommodated.

Living with a host family gives students the opportunity to practise Spanish outside the classroom, discover local customs and enjoy a more personal cultural experience.

Student residence

Groups can also stay in a student residence, with twin and triple rooms with private bathrooms. This is a convenient option for groups who prefer to stay together in the same building and enjoy a shared experience with their classmates.

The residence and meal arrangements will be confirmed in each group's personalised proposal, according to the dates and requirements of the stay.
